

PRESS RELEASE: FOR IMMEDIATE RELEASE

CovertTrack Announces Release of Covert HC™ - GPS Tracking Designed Specifically for Law Enforcement

Covert HC offers exceptional tracking capability with the flexibility to accommodate many types of deployment

December 10, 2020: To expand its GPS solutions suite, CovertTrack has released the new Covert HC™ Tracker. Compact in design, the device can be hidden inside frequently stolen items to allow officers to track and arrest the offender. This type of deployment increases agency efficiency by freeing officers from long hours of surveillance time. Covert HC can also be used in stings, undercover operations, and other covert actions. Once the tracker is activated, responding units have enhanced awareness and can maintain the tactical high ground to ensure their safety and bystanders'.

Covert HC is a 4G Tracker using GNSS, WiFi, and RF technology for superior location tracking. The device has a wide range of customizable settings, such as sleep timers, report intervals, tracking data storage, and much more. CovertTrack's web interface, created specifically to meet law enforcement demands, offers superior mapping features and 24/7/365 customer support from headquarters in Scottsdale, AZ.

Notes for editors

About CovertTrack & 3SI Security Systems

CovertTrack is a recognized leader in technical surveillance equipment. We create innovative, specialized tools for GPS tracking, bait vehicles, audio surveillance, and video surveillance. For nearly 15 years, CovertTrack has partnered with government organizations and police agencies across the U.S. to enable effective and secure covert investigations. In 2019, CovertTrack was acquired by 3SI Security Systems. 3SI provides advanced security solutions, supported by local law enforcement, to thousands of financial institutions and retailers worldwide. Together, the companies provide tactical solutions to enable secure, covert investigations to thousands of satisfied customers.
