

## PRESS RELEASE: FOR IMMEDIATE RELEASE

---

### **CovertTrack Announces Release of Covert Cash™ and Covert Rx™ GPS Trackers Designed Specifically for Law Enforcement**

*Both trackers offer exceptional tracking capability to accommodate various types of deployment*

**January 28, 2020:** To expand its new Covert Line of GPS solutions, CovertTrack has released Covert Cash™ and Covert Rx™. The new designs join the already-released Covert HC™ Tracker.

The new **Covert Cash™ Tracker** offers flexibility with investigations and other deployments when utilizing cash assets. The device allows officers to track and arrest offenders with cash investigations. Covert Cash is thin, flexible, and easily concealed with other currency.

**Covert Rx™** is designed to be used in pharmaceutical and narcotics investigations. It can be easily concealed with other drugs, providing a powerful tracking technology to effect an arrest.

The Covert Line of trackers are 4G and use GNSS, WiFi, and RF technology for superior location tracking. The devices offer a wide range of customizable settings, including sleep timers, report intervals, tracking data storage, and much more. CovertTrack's web interface, created specifically to meet law enforcement demands, offers superior mapping features and 24/7/365 customer support from headquarters in Scottsdale, AZ.
